

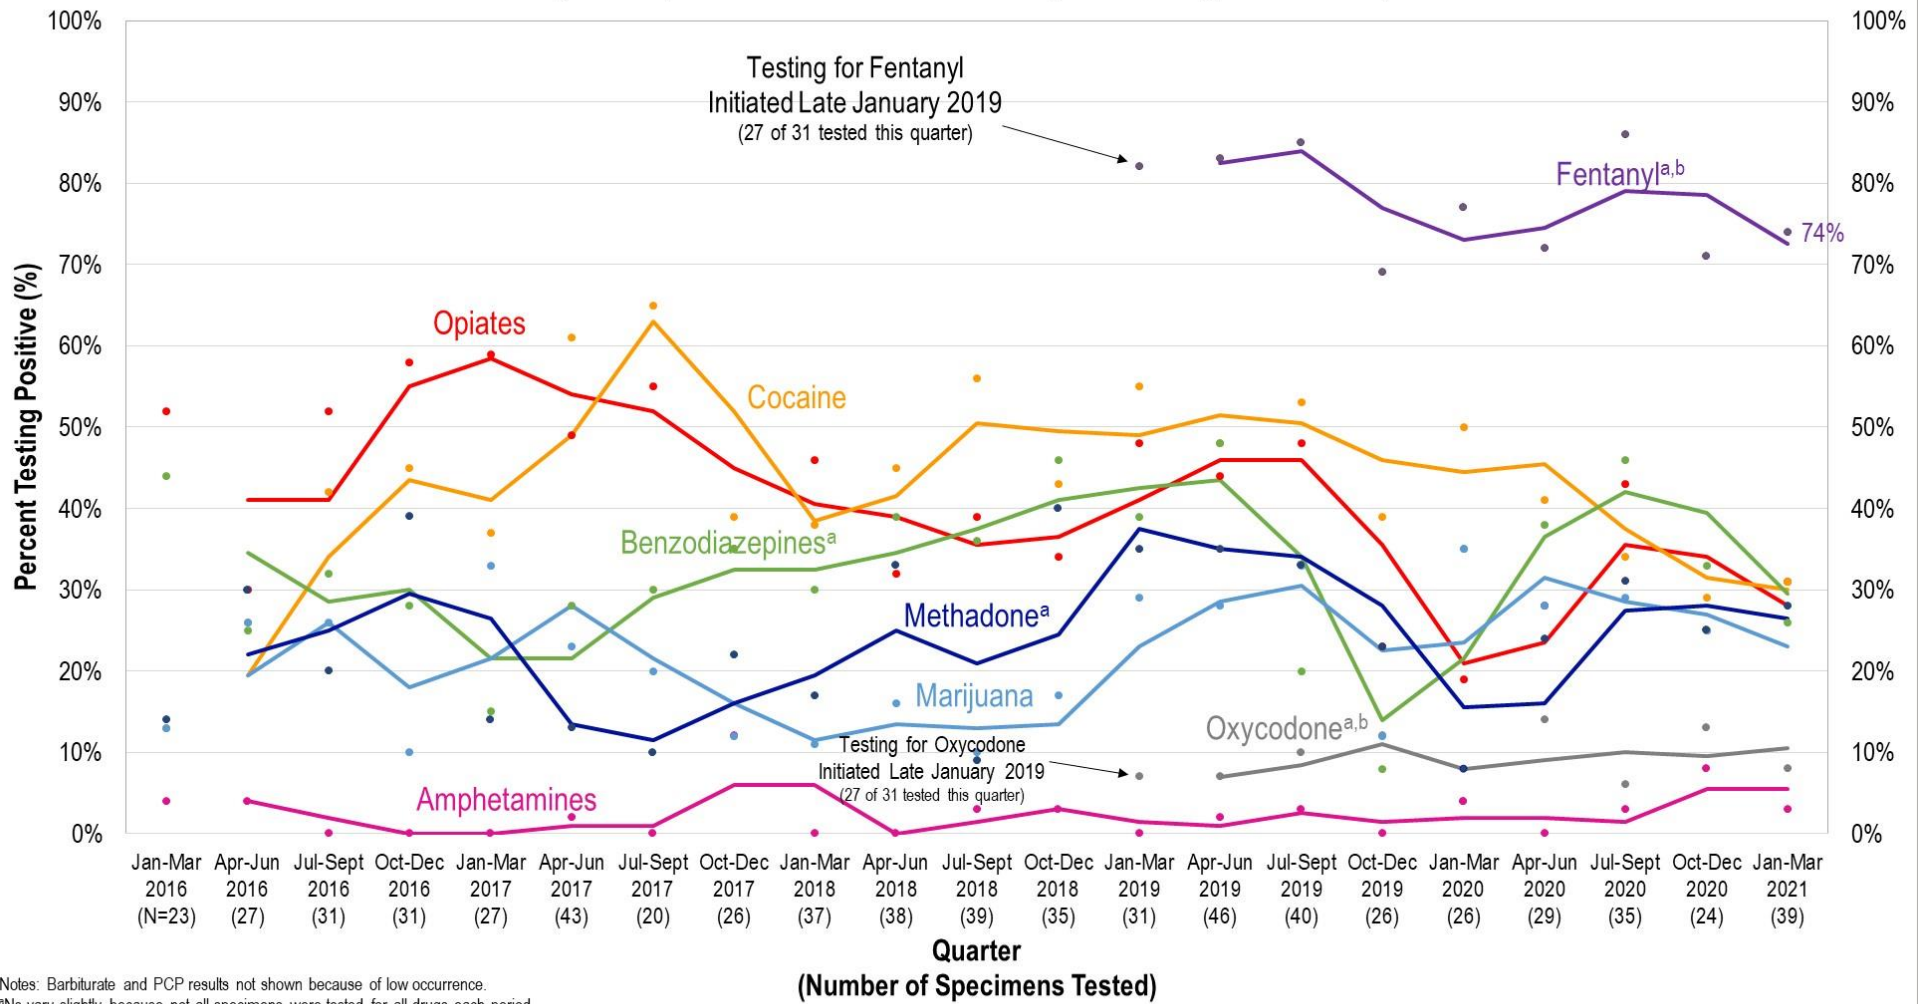

Figure 1: Drugs Detected in Specimens from University of Maryland Medical Center (UMMC) Emergency Department (ED) Drug Overdose Patients
(N=673 specimens collected from January 2016 through March 2021)

Notes: Barbiturate and PCP results not shown because of low occurrence.

^aNs vary slightly because not all specimens were tested for all drugs each period.

^bFentanyl and Oxycodone were added to the UMMC standard panel in late January 2019.

— 2 Quarter Moving Average

• Percent Testing Positive That Quarter

- The percentage of specimens testing positive for fentanyl (74%) was more than twice the other drugs.
